Call the attention of Dealers to their large assortment of "Newly Arrived" Goods, composed in part of the following articles, together with every thing kept in a well supplied WHOLESALE DRUG STORE.

FRESH DRUGS, PATENT MEDICINES, TRUSSES & SUPPORTERS, ESSENTIAL OILS, KEROSENE OIL, TILDEN'S PREPARATIONS, DRUGGISTS' SUNDRIES, SHAKER HERBS, PERFUMERIES, PAINTS AND OILS,

Which we offer at the lowest Cash Prices, and are determined not to be undersold.

R. H. McDONALD & CO., SAN FRANCISCO, Cal.

For Sale.

OUR DRUG BUSINESS located in San Francisco, Cal. After our best wishes and expressing our thanks for the liberal patronage we have received for more than twenty-one years, during which period we have been steadily engaged in the Drug business in California, we beg to say in consequence of the rapid growth of Dr. Walker's California Vinegar Bitters, now spread over the United States and other countries far beyond, we are necessitated to devote our entire time to the said business.

We are the Oldest Drug firm on the Pacific Coast and he only one, continuous under the same proprietors since 1848, and have determined to sell our large, prosperous, and well established business on favorable terms.

This is a rare opportunity for men with means, of entering into a profitable business with advantages never before offered.

For particulars enquire of

N. B. Until a sale is made we shall continue our importations and keep a large stock of fresh goods constantly on hand, and sell at prices to defy competition

A GREAT MEDICAL DISCOVERY

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York.

SOLD BY ALL DRUGGISTS AND DEALERS.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal. Send for a circular.

They act as a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful Derivative in relieving Congestion or Inflammation of the Liver, and all the Viscera Organs.

ROYAL INSURANCE

COMPANY.

Report for the Year 1870.

Unanimously adopted by the Shareholders at the Annual Meeting held at Liverpool on 5th August, 1871.

FIRE DEPARTMENT

In reporting the results of the Fire Business for the year 1869 reference was made to the number and severity of the losses which have occurred in various parts of the world in the first few months of the year 1870, and intimation was made that the ROYAL had shared in many of these. It is now satisfactory to announce that the losses sustained during the remaining months of the year were so much below the usual average that the result of the whole year's transactions leaves A PROFIT, including Interest of £60,195 15s 9d.

The Fire Revenue for the year amounted to £511,836 19s 5d, displaying steady and satisfactory progress. The Fire Losses for the period were £339,810 6s 10d.

LIFE DEPARTMENT.

The results of the operations in this branch for the year are highly gratifying, and may be fairly accepted as evidence that the additional check, referred to in the last report as having been adopted by your Directors to obtain adequate confirmation of the accuracy of the Life valuation, has been satisfactory to the public.

In all the items of revenue there has been an increase, and the Balance-sheets again show a large addition to the Accumulated Fund.

The new Proposals completed during the year were 1235, and the Premium thereon	£	20.349	0 7
The total income from Life Assurance Premiums, after deducting Reassurances, was		220.784	7 6
And the interest from Investments		51,151	8 3
The Claims, including payments of Bonus Additions, show a decrease, compared with those of the preceding year, and amounted to		95.062	8 7
a sum considerably below that corresponding to the expected mortality.			
The amount paid during the year for the Surrender of Life Policies and Bonus Additions was		13.029	19 2
In the Annuity and Endowment Branches the Purchase money received for New Annuities, together with the Premiums on Contingent Annuities and on Endowment Policies amounted to		17.669	3 4
The interest placed to the credit of these Accounts was		8,481	14 4
Seventeen Annuitants have died during the year, the annual payments to whom amounted to		673	5 2
After payment of all Claims, Cash Bonuses Annuities and expenses of every description, the amount added to the Life Fund for the year is		147.240	19 9

DIVIDEND AND BONUS.

The Directors beg to recommend that a Dividend of 3s per Share and a Bonus of 4s per Share, together 7s per Share, free of Income-tax, be declared.

Immediately after the General Meeting, an Extraordinary meeting of the Shareholders will be held to authorize the Directors to pay an interim Dividend in the month of February, annually, if the Board see fit, and a resolution will be submitted to the meeting for that purpose.

FUNDS

After providing for payment of Dividend and Bonus, the funds of the Company will stand as follows:—

Capital paid up	£289,095	0 0
Reserve Fund and Profit and Loss Account	814,304	14 7

THE BRITISH COLONIST.

Sunday Morning, Oct'r 1, 1871.

Shall the Road Tolls be Abolished?

This is a question which will undoubtedly demand an answer at the hands of the next Legislature. Probably every member from the Mainland, certainly every member from beyond New Westminster, will come to the new House pledged to give the question an affirmative answer. We observe that only one paper in the Province is disposed to oppose the abolition of these tolls; but that is nothing more than we were prepared to expect. We invite the reader to glance at a few of those considerations which, in our opinion, point to the desirability of abolition Hitherto to the advocate of abolition has been always met with the argument that the Colony incurred a large debt for the construction of the trunk road to Cariboo, and that these tolls were necessary to meet the interest and sinking fund occasioned by that debt; and it must be confessed that the argument had some weight in it. But Confederation has at once swept away the debt and the argument. Objectors now urge the expense of maintaining the trunk road in a state of repair as a reason for continuing the tolls. That expense is, we believe, greatly overestimated. Do away with the the no inconsiderable expense of maintaining two toll-gates, and we think it will be found that the road would not form a heavy charge upon the public exchequer—certainly nothing like the sum which has been named, but it occurs to us to ask why the road to Cariboo should be met by tolls, while all the other roads in the United States are considered a perfectly legitimate charge upon the general revenue. Is it because the amount of money involved is greater? The amount is not greater in proportion to the length and serviceability of the road. Is it because the road constitutes the great arterial highway through which the goldfields are drained? This appears to us to be a consideration which eminently entitles that road to become a charge upon the general revenue. Every community in the United Colony has a very large and direct interest in the development of the mineral wealth of the interior; and we all know how largely that development is contingent upon the existence of easy means of communication with the seaboard. The expense of reaching the goldfields, and the great expense of living and operating therein, constitute the chief drawback, our excellent roads notwithstanding. Let us see how the question in hand bears upon that important point. The collection of road tolls is vexatious and obstructive to commerce and travel. But the tolls are excessively heavy Two cents a pound upon every article sent from the seaboard to the interior. Two cents a pound amounts to *forty dollars a ton*! Just imagine a toll of twenty dollars a ton on general merchandise, on agricultural implements, on ponderous mining machinery! And it must be remembered that the trader will take especial care that he has large profits on these disbursements, so that the impost is well nigh doubled to the consumer. Every man in the Colony is interested in the development of the great goldfields of the interior, and nothing could possibly be fairer than that every man should contribute his mite—for a very mite indeed it would be if spread over so large a surface towards facilitating that development. The present tolls fall with crushing, blighting severity upon the trade and industry of the interior. The bare expense of keeping the trunk road in repair would scarcely be felt if spread over the whole population of the United Colony. We have no hesitation in asserting that the interests of Cariboo, Omineca and, in fact, the entire country east of the Cascade Range of Mountains, demand the abolition of the Road Tolls. Neither need there be any hesitation in affirming that the abolition of these tolls would conduce more or less directly and more or less preceptibly to the general interests of the whole Colony.

Bread and Beef Again!

To "CONSUMER AND *PRODUCER*," IN THE "COLONIST."—As you appear not to understand either the "logic" in my address on the "Tariff" question, I will try to make the matter plain to you.

If five per cent on beef at twenty cents per pound be one cent, and twenty per cent duty on flour at five cents per pound be one cent; and each man consumes one pound of flour and one pound of beef daily, wherein lies the difference to the consumer?

"The very vital fact," as you call it, "that consumers *must* import flour; but need *not* import beef" is only trifling with the question, for I take for granted that we require both flour and beef; unless we are to depend upon potatoes and clams! And so long as we pay the same price for a pound produced as we do for a pound imported, I ask again wherein lies the difference to the consumer?

I have never stated this to be "the sole" question between the two tariffs, but it solves others, and as we cannot make a fraction over it, let us turn to "spirits," and try decimals.

If the duty on "spirits" be two dollars and fifty cents per gallon under our present tariff and only eighty cents per gallon, as you say, under the Canadian, let us pay ten cents per gallon freight from Canada to make it ninety, and so save one dollar and sixty cents per gallon by importing it free from Canada. If this be sophistry, I am not.

THE ABOVE REFERRED TO

PUBLIC NOTICE.

Definition of Districts under "Mineral Ordinance, 1869."

THE GOVERNOR desires it to be notified, and it is hereby publicly notified, in accordance with the provisions of the 32d clause of the "Mineral Ordnance, 1869," that the Mineral Lands included under the operation of that Ordinance have, for the purposes of the said Ordinance, been divided by His Excellency into the following named and described Districts:—

1.—NEW WESTMINSTER DISTRICT.

Bounded on the south by the southern boundary of the colony (the 49th parallel of north latitude) to a point about 65 miles east from the shore of the Gulf of Georgia, said point being the south-eastern corner of New Westminster District and the south-western corner of Yale District:

On the east, by a line (being also the western boundary of Yale District) running north from the said south-eastern corner, crossing Fraser River about 8 miles above the mouth of Harrison River, to a distance of about 45 miles; and thence north-west by north about 50 miles, at an average distance of about 10 miles east from the general course of the Douglas Portage, to the north-eastern corner of said District, which is also the north-western corner of Yale District;

On the north, by a line (being also the southern boundary, in part, of the Lillooet District, and, west of Jervis Inlet, the southern boundary of the Coast District) running west from said last named corner, crossing Lillooet Lake at a point about equidistant from either end, and touching the extreme northern point of Jervis Inlet—which is the south-western corner of Lillooet District and the south-eastern corner of the Coast District—about 100 miles, to the shore of Desolation Sound;

And on the west, by the Gulf of Georgia, all the Islands in the said Gulf, south of Desolation Sound, which are dependencies of the former colony of British Columbia, being included in this district.

2.—YALE DISTRICT.

Bounded on the south by the southern boundary of the colony, from the south-eastern corner of New Westminster District for a distance of about 165 miles to a point on the 118th Meridian of west longitude, about 20 miles west of Columbia River, being the south-eastern corner of Yale District, and the south-western corner of Kootenay or Big Bend District;

On the East, by a line (being also the western boundary of Kootenay District) running northerly from the last named corner in a course parallel to the general course of the Columbia, and about 10 miles distant from it, to lowing the summit of the mountains dividing the waters running into the Columbia River from those flowing to the west, for a distance of about 165 miles, to the north eastern corner of the said Yale District, which is also the south eastern corner of Lillooet District;

On the north by a line (being also the southern boundary, in part, of Lillooet District) running west from the said last named corner and passing about 3 miles north of Seymour, to a distance of about 20 miles; thence in a direct line, about 65 miles, to a point on the North Thompson River (Meridian Bend) about 15 miles north of Kamloops; thence in a direct line, about 80 miles, to the 11th mile post on the Yale to Clinton road; and thence in a direct line, 60 miles, to the south western corner of the said Yale District, which is also the north eastern corner of New Westminster District, above described;

On the west by the eastern boundary of New Westminster District, before described.

3.—LILLOOET DISTRICT.

Bounded on the east by a line (being also the western boundary, in part, of Big Bend or Kootenay District) commencing from the north eastern corner of Yale District, thence following a course parallel to the general course of the Columbia River, and about 10 miles distant therefrom, 50 miles, to a point on the 52nd parallel of north latitude, which is the north eastern corner of said Lillooet District and the south eastern corner of Cariboo District;

On the north by said 52nd parallel (being also the southern boundary of Cariboo District) crossing the Cariboo road at the 125th mile post, for a distance of about 220 miles, to a point on the 124th meridian, which is the north western corner of said Lillooet District and the south western corner of Cariboo District;

On the west by the said 124th meridian (being also the eastern boundary, in part, of the Coast District) for a distance of about 125 miles, to the point where the said meredian intersects the northern boundary of New Westminster District, at the northern extremity of Jervis Inlet, which point is also the south eastern corner of the Coast District;

On the south by the before described northern boundary of New Westminster District, to the north eastern corner of said District, which is also the north western corner of Yale District; and thence by the northern boundary, before described, of said Yale District to the south eastern corner of said Lillooet District, which is also the north eastern corner of Yale District.

4.—KOOTENAY OR BIG BEND DISTRICT.

Bounded on the west by the before described eastern boundaries of Yale and Lillooet Districts up to the north eastern corner of Lillooet District, which is also the south eastern corner of Cariboo District, and thence by a line (being also the south eastern boundary of Cariboo District) following the general course of the Columbia River, and distant from it about ten miles, for a further distance of about 50 miles, to a point on the 118th meridian, about 15 miles northeast of the Boat Encampment, and thence by the 118th meridian (being also the eastern boundary, in part, of Cariboo District) to the summit of the Rocky Mountains, the eastern boundary of the Colony.

On the East, by the said eastern boundary of the Colony.

And, on the south, by the 49th parallel, the southern boundary of the colony.

5.—CARIBOO DISTRICT.

Bounded on the west by the 124th meridian, which is also the eastern boundary of the Coast District;

On the south by the 52nd parallel, which is also the northern boundary of Lillooet District;

On the south east by the before described boundary, in part, of Big Bend or Kootenay District;

On the east by the 118th meridian of west longitude (being also the western boundary, in part, of Big Bend or Kootenay District) to the summit of the Rocky Mountains, and thence northward by the summit of the Rocky Mountains and by the 120th meridian of west longitude, the eastern boundary of the colony;

And on the north by the 60th parallel of north latitude, the northern boundary of the colony,

6.—COAST DISTRICT.

Bounded on the east by the 124th meridian of west longitude, which is also the western boundary of Cariboo District;

On the south by that portion of the northern boundary of New Westminster District which lies west of the said 124th meridian;

On the north by the 60th parallel of north latitude, the northern boundary of the colony;

And on the west by Alaska Territory, the Pacific Ocean and the channel dividing Vancouver Island from the Mainland of British Columbia, and including all the Islands to the northward of Desolation Sound which were dependencies of the former colony of British Columbia.

Maps, on which the Boundary Lines of these several Districts are laid down, may be seen at this office and at the offices of the Assistant Commissioners of Lands and Works at New Westminster, Yale, Lillooet and Richfield.

By Command,
JOSEPH W. TRUTCH.

Mr McMillan's Meeting.

Last evening Mr McMillan addressed about 100 electors at Alhambra Hall. Some difficulty was experienced in procuring a chairman, but at last Mr Jessop good naturedly consented to act.

The candidate reviewed his published address and startled his audience by declaring that no man who would not go for the abolition of the Civil List Bill ought to have a vote. If elected he would support neither Helmcken nor DeCosmos when wrong; but he finally acknowledged that he had always supported the last named gentleman and would do so again if returned. If the Mayor were made the Chief Magistrate of the city a better class of men would come forward for that position!! Roars of laughter were caused by this slip, and the speaker increased the merriment by adding that the present Mayor was *as good as any* who had occupied the Civic Chair. He thought THE COLONIST ought to haul the electors over the coals instead of the Councillors and believed if the latter were a horde of thieves, pickpockets and swindlers it was'nt their fault [laughter] He was not a mushroom politician, had always supported Confederation and in view of past services asked the support of the electors. In reply to Mr Fell Mr McMillan did not appear to be aware that there is already a tax on unimproved land. He was in favor of the Canadian Tariff, a Wild Land Tax and other liberal measures and retired amid some applause.

Mr Duck, candidate for the city, was called for and made a most eloquent speech which was loudly cheered. He favored free non-sectarian education—as free as the air we breathe, assisted immigration, Canadian Tariff—because a modified tariff was not obtainable, would support public improvements and would do his best to fix the Railway Terminus on the Island. He would not alone give free grants of land but he would annually divide $20 000 i to 50 equal parts and loan it to actual settlers. [Cheers, amid which Mr Duck retired.

The meeting gave a vote of thanks to the Chairman and separated.

IN A FOG.—The steamer Sir James Douglas started at 7 a m yesterday for Sooke, but when about off Race Rocks the fog shut down so densely that to go on was not considered prudent. A shot from H. M. S. Zealous (which was practicing near) alighted in the water not far off and Capt Clarke ran down of the ironclad, but the fog still continuing he was compelled, after wasting five hours, to return to the harbor, which he reached at 1 in the afternoon.

FROM PORTLAND. — The steamer G S Wright, Capt Hays, arrived from Portland last evening with about 20 passengers and a full freight. She will sail for Bellingham Bay to-morrow evening and take a cargo of stone for Portland. Purser Peters has our thanks for latest dates of Portland papers.

A CONTRAST — Douglas street, from Fort to Humboldt received six inches of gravel fifteen months ago and is as firm as a rock to-day. Blanchard, was *supposed* to be covered three months ago with eight inches of gravel and is worn out already.

CONTRACT — Hayward & Jenkinson yesterday signed a contract for the erection of extensive wings to the residence of Judge Crease. The improvements will involve an outlay of $4000.

PASSENGERS booked by the Gussie Telfair for Portland to sail to day at 10 a m :—Miss C Sherlock, Mrs Jas Cummings, Miss Carrie Watkins, Miss A Barkley, P Nies, R W Rising, M Somers, H Lipples, A Lipples.

THE PUNTS.—The steamer Grappler towed down two of the punts from Burrard Inlet yesterday morning and anchored them near the dredges. They will probably see active service under the Dominion Government.

ELECTION PROCLAMATION. — We devote much of our space this morning to the Election Proclamations, which possess deep interest at this time.

THE Norway seed oats brought from Orcas Island by Mr Adams created wide-spread admiration yesterday.

IT is expected the Victoria City and Esquimalt elections will be over to-morrow two weeks at the furthest.

FOR PORTLAND.—The steamer Gussie Telfair will sail from the mouth of the harbor today on or about 10 a. m.

THE G S Wright will leave Portland on the 7th proximo for San Juan, Nanaimo and Sitka.

THE steamer Grappler will sail for Nanaimo this morning at 6 o'clock and will tow up the bark Cambridge.

GEO PAUNCEFORT and the Pixley girls are playing at Walla Walla.

THE Telfair is advertised to sail from Portland for Puget Sound port on the 3rd prox.

THE Enterprise went yesterday to Burrard Inlet and did not arrive last night.

GRAIN is on the rise owing to the scarcity in California.

COUNTY COURT will be held at the Police Court on Tuesday the 3d inst.

THE Firemen's Election will take place tomorrow.

Convict Rebellion.

TWENTY-NINE CONVICTS ESCAPE FROM THE NEVADA STATE PRISON—DESPERATE FIGHT.

The Nevada papers that arrived by the southern mail yesterday contain long and interesting accounts of the rebellion of the convicts in the State Prison at Carson City.

THE ATTACK.

The rebellion occurred at about 6 o'clock on Sunday evening, 17th inst. The wind had been blowing a gale during the entire afternoon, and clouds of dust filled the air to such an extent as to hide everything from view except at a short distance. The prisoners, as was the custom, had been allowed to lounge during the afternoon in a large room which was surrounded by cells. At the hour above named Capt V E Rollins of the guard entered the room for the purpose of locking the prisoners in their cells. He no sooner stepped inside the door than he received a blow which knocked him down and rendered him insensible. As soon as he fell he was seized and dragged into a cell and the door locked.

THE NEXT MOVE

of the prisoners was to climb to the top of the upper tier of cells and with an axe, which they had procured in some unaccountable manner, cut in the roof a hole through which they could crawl. Each prisoner was armed with a slung shot, made by sewing scraps of iron into strips of cloth, and some of them had knives. With these weapons they were prepared to wage the contest for liberty. On getting through the roof they found that they had got into the armory, and it required only a moment to take possession of the arms there, which consisted of two Henry rifles, four double-barreled shotguns and five six-shooting revolvers, together with a large quantity of ammunition.

THE FIGHTING BEGINS.

As soon as the prisoners obtained possession of the arms they attempted to leave the place, but found that the noise they had made had aroused the officers and guard, who had given the alarm and were hastily collecting to oppose them. The fighting immediately commenced. It was a desperate hand to hand conflict in which the guards and officers stood up to it manfully, and the prisoners fought with all the energy of desperation. It was of short duration, however, the convicts becoming masters of the situation, and twenty-nine of them left the place.

A CITIZEN KILLED.

The noise attracted the attention of Mr Mat Pixley, an hotel keeper, who happened to be near the gate, and drawing a pistol he ran forward to reinforce the guard, but while crossing the yard was struck in the eye by a Henry rifle ball and instantly killed. The fatal shot was fired by Chas Jones, one of the rebels, who was standing on the prison porch.

THREE GUARDS SHOT.

F M Isaacs, one of the guard, wounded several of the prisoners with his revolver, but was soon shot down. His right knee was broken by a ball, which passed through it and lodged in the rear portion of the left knee. He also received a shot through the hip. Johnny Newhouse, another of the guard rushed into the fray regardless of danger, and fought with the utmost coolness and bravery He shot Parsons, one of the Verdi Railroad robbers through the body, and directly afterward was himself shot in the back and the rear portion of the head. Peresich, a guard, is confident he wounded several of the convicts. He, however, soon received a settler from a ball in the left hip, passing downwards and inflicting a severe and dangerous wound One or two others of the guard were slightly wounded, and also Mr Burgesser, a barkeeper, who joined the guard.

THE LIEUTENANT GOVERNOR SURPRISED.

At the time of the break Lieut Governor Denver, who resides at the prison, was entertaining a party of ladies and gentlemen at dinner. The guests were being waited on by Bob Dedman, who was serving a sentence of life for murder. He was serving the dessert when two prisoners pushed open the door of the dining room. The ladies ran, screaming, in every direction, but Denver and Dedman immediately faced the convicts Denver drew his revolver and shot one, Clifford by name, in the breast; while with a chair Dedman succeeded in driving the other back.

AT THE HEAD OF THE STAIRS,

During this time, the guard was making it very warm for the prisoners in the yard, and quite a number attempted to ascend the stairs leading to the apartments occupied by Gov Denver and his family, probably for the purpose of securing the women to hold as hostages. They were met by Denver, who firing without aim, failed to wound any of the convicts. Three or four of them had almost reached the landing when Bob Dedman appeared on the scene with a heavy chair which he used very effectually. One fellow came at Bob three times with a long knife, and each time was knocked down. The third time Bob knocked or pitched him over the balustrade head first. Denver was shot through the hip or fleshy part of the thigh and received one or two severe scalp wounds from blows on the head. He bled profusely and would doubtless have been killed had it not been for the bravery of Bob Dedman.

THE PURSUIT.

The alarm was soon given at Carson and Virginia City, and in a short time some 300 or 400 persons were in pursuit. Telegrams were sent in every direction and officers and soldiers were called to aid in the recapture, but up to the present time only six of them have been retaken, and it is probable the remainder have made good their escape by getting out of the country.

A NOVA SCOTIA fisherman found a signet ring bearing the monogram "P B" in the entrails of a codfish. It proved to belong to Pauline Burnham, who was lost in the wreck of the steamer Anglo Saxon in the year 1861. The lady's son having heard of the ring with the monogram being found, came to St John from England and gave the fisherman £50 sterling for his discovery.

ELECTRICITY IS LIFE.

PULVERMACHER'S

PATENT GALVANIC

CHAIN BANDS, BELTS

AND

Pocket Batteries.

THESE REMARKABLE AND HIGHLY improved inventions render electricity perfectly self-applicable, and extremely efficacious in a mild continuous form, no shock or unpleasant sensation being experienced, whereby it becomes a true fountain of health and vigor, speedily soothing agonising pains, re-animating torpid limbs, reviving the sluggish functions of life and imparting renewed energy and vitality to constitutions enfeebled by whatever cause. Medicines and their deleterious consequences are thus entirely dispensed with. The daily increasing number of cures effected by PULVERMACHER'S MEDICO-GALVANIC SYSTEM is so extensive and varied, that it forcibly points to this invention as the embryo of the universal remedy.

N. B—The following testimony from the ELITES of the English medical faculty has been received:

"We, the undersigned, have much pleasure in testifying that Mr J L PULVERMACHER'S recent improvements in his Voltaic Batteries and Galvanic Appliances for Medical Purposes, are of great importance to scientific Medicines and that he is entitled to the consideration and support of everyone disposed to further the advancement of real and useful progress.

Dated this 9th day of March, 1866

Sir Henry Holland, Bart., M D., F R S.
Sir Wm. Ferguson, Bart. F R S.
Edward H. Sieveking, M D, M R C S.
Sir J. Ranald Martin, F R C S."

PULVERMACHER'S SYSTEM is also approved of by an official report of the Academie de Medicine, Paris; Royal College of Physicians, London; and the Imperial Faculty, Vienna, and its curative virtues are confirmed by thousands of private testimonials of cures effected. (See pamphlet, gratis).

These facts appeal to the good sense of every sufferer to avail himself of this scientific and curative progress, to which the inventor has devoted a lifetime of study and labour, as an ardent disciple of that great benefactor of mankind, the late illustrious electrician, MICHAEL FARADAY

PULVERMACHER'S MEDICO-GALVANIC CHAIN are exceedingly effective without the aid of medicine restriction of diet, or the least derangement of the patient's habits and daily occupations. in the following maladies:—

Rheumatism,	Tic Doloreux,	Sluggish circula'n,
Gout,	Indigestion,	Urinary Disorder
Sciatica,	Deafness,	Paralysis,
Lumbago,	Spasms,	Epilepsy,
Neuralgia,	Female complaint	Nervous Debility
Head & Toothaches	Constipation,	Functional Disorders, &c
Liver Complaints,	Cramp,	

The effects of the application of Pulvermacher's Chains in any of the above disorders is immediately perceptible—the relief of pain instantaneous.

To the Electors of Esquimalt, Sooke, Metchosen & Highland Districts.

GENTLEMEN,—Having received a requisition signed by a large number of influential electors from all parts of the above Districts, asking me to allow myself to be nominated as a candidate at the forthcoming election to represent you in the Legislative Assembly. It affords me much pleasure to come forward to solicit your suffrages for that honorable and responsible position

I am in favor of a modification of the Canadian Tariff, believing that it will best meet the requirements of all classes of the community.

The Repeal or Amendment of the Civil List Act I consider necessary, in order to restore to the Assembly its constitutional control over the Executive.

I will also advocate Free Schools on the most liberal principles.

The maintenance and extension of Good Roads and Bridges throughout the District shall have by best support.

I will do my best to get a Wagon Road put through to Sooke as early as possible.

One of the most desirable undertakings in the interest of your district is the immediate commencement of the proposed Graving Dock at Esquimalt, and in case the Canadian Government will not be disposed to extend the guarantee for its construction over a longer period than ten years, I will be prepared to vote in favor of pledging the credit of the Province for such additional period after the expiry of ten years as will induce capitalists to undertake its immediate construction.

The amendment of our Land System, so as to give more encouragement to actual settlers, shall have my earnest support.

An Unimproved Land Tax I will support.

An Amendment of the Franchise Act I believe should be made in order that every British taxpayer may have a voice in the Government of the country

I hope soon to meet you individually and collectively to learn more particularly your views and to explain my own, but I take this occasion to acquaint you that, if returned to the Assembly, I will endeavor to do my duty to the best of my ability and support all measures that may be introduced that I may consider calculated to advance your interests.

I have the honor to be, Gentlemen,
Your most obedient servant,
HENRY COGAN.

REPLY.

To the Requisitionists and Electors of Esquimalt, including Metchosin, Sooke and Highland.

GENTLEMEN,—After considerable hesitation, arising from causes which I can easily and I trust satisfactorily explain when the proper time arrives, I unreservedly place myself in your hands as a candidate for your suffrages at the approaching election.

It is satisfactory to know that great unanimity prevails in the various sections of the colony upon the extension and improvement of roads and bridges, upon mail and telegraphic communication, as well as upon education and retrenchment, and I yield to none in an earnest desire to see all these accomplished to their fullest extent and upon their respective merits.

As a commercial man I will do nothing to retard, but everything to further our maritime interests and free intercourse with our American neighbors and the outer world, and as one who in early life had a deep interest and profited largely by the fisheries of Newfoundland and the trade of the St Lawrence, it will be my endeavor to encourage as much as possible for this coast and our harbors those branches of industry which have florished so long on the coast of the Atlantic.

My early experience as a member of the Mersey Harbor Board, or the Old Dock Committee of Liverpool, and as a member of the Pilot's Committee, the Ship Building Committee, the Observatory and Lloyd's Classification Committee, ought to be of some service in the consideration of our harbor approaches, buoys and beacons.

As a prominent member of the Paid Officers Committee appointed by the Liverpool Corporation for the consideration of salaries and duties performed by several hundred officers, and involving an expenditure of over one million dollars per annum, I may be trusted with the consideration of our Civil List Bill and the exercise of that power which one Act of Parliament can exercise over another

In the framing of the 'Qualification of Voters' Act' I had no more to do than I had with the 'Road Act,' the 'Real Estate Act' and the 'Education act,' which proved to be as defective as they were inoperative. But the principles and the technicalities which ought to constitute the spirit must be rigidly adhered to by those who profess to have respect for law.

It is well known that when I selected Esquimalt as a residence I considered it the key of the colony, and I think so still. I may not be able to bring the Graving Dock or the Railway to my own door, but I may be instrumental in bringing one or both of them to some of yours without the aid or cost of a dredger.

It was not difficult to persuade some of my friends when I was in England to try the experiment which brought steamers from England, and although the success was not equal to expectation, I hope the day is not far distant when steamers of greater pretensions than the Robert Lowe or Ws Lindsay will enliven the wharves of Esquimalt harbor.

The farmers are not clamorous—to their honor be it spoken—for Government aid for their special benefit.

The Tariff which only came into operation a few years ago was the emanation of your most astute statesmen, who considered free port had run its day.

The revenue previously derived from Real Estate or a land tax, was to be provided by a tariff which included a duty on foreign grain. There can be no denying but that it has worked for the benefit of the farmers and industrious classes, and injured no one but those who can take care of themselves.

The difference between the Canadian Tariff and our own lies as between beef and bread. Allowing a pound of flour at five cents and a pound of beef at twenty cents per day for each man a saving of the cent upon flour to lay it upon beef makes no difference to the consumer but a very great difference to the producer. Let those try to catch votes who can by the plea of a modified tariff on a sliding scale. In less than ten years I believe the Dominion tariff will be altered and universally adopted, but in the meantime let us try to profit by our own as long as we may.

The clearing and cultivation of the land gives employment to the industrious classes, and wherever your corn is produced thither must your plowman and your reaper, your shovel and your capital go.

One herdsman and a narrow trail are sufficient for many hoofs, but it requires the handicraft to make a trail and industrious hands to keep it going.

And while I am aware that many other important and debatable questions will soon be brought forward, I can see no necessity for hoisting party colors and will follow no uncertain sound. I have no confidence in those who anticipate the day when the the gross delusions of Communists will prevail. I am for building up and not for pulling down. I will neither work nor maneuver for spoil and therefore have no plunder to offer. I will favor no monopoly, but encourage every individual and private enterprise with a hearty and healthy co-operation of every interest for the general good, and on these principles I am prepared to stand or fall.

If called upon to serve you I will do it disinterestedly and faithfully. With unfeigned thanks for the requisition that is before me,

I have the honor to be
Your very obedient and humble servant,
WILLIAM FISHER.
The Fort, Esquimalt, Sept 25, 1871. se26

To the Electors of Esquimalt, Sooke, Metchosin & Highland Districts.

FELLOW ELECTORS:—In deference to the wishes of many influential gentlemen composing your body politic, I offer my services as one of your representatives in the coming session of the local legislature.

I consider it would be superfluous to parade before an intelligent constituency a long array of glowing promises and, if elected, I would only claim the poet's privilege, that is, speak what you think.

My views are much in unison with your own, when I say that I am in favor of the immediate adoption of the Canadian Tariff, amendment of the Civil List Act to embrace only heads of departments, a liberal and nonsectarian School System maintained directly from the Provincial exchequer, large appropriations for roads and bridges, and other works of public utility throughout the Province.

The question of a Graving Dock in Esquimalt harbor is a necessity to our present and future wants and highly practicable, and I will urge its claims in the House at the proper moment. A tax on wild lands, and free grants to bona fide settlers I would support. An extension of the franchise to all British subjects and ballot voting, are reforms which I would support.

I would only add, that the best interests of the Province, and especially of the district which I hope to have the honor to represent, will always be to me objects of my earnest solicitude.

I have the honor to be, fellow electors,
Your most obedient servant,
WILLIAN WILLISON GIBBS.

Vancouver Island District.

To the Electors of Sooke, Lake, Saanich, Cowichan, Salt Spring, Nanaimo and Comox:

GENTLEMEN.—While traveling through your district in July last I was the recipient of very great encouragement to offer myself as a candidate for the Parliament of the Dominion, of which this Province now so happily forms a part.

In soliciting your support at the forthcoming election it becomes my duty to express my views on Dominional politics having a direct bearing upon the interests of British Columbia, which I shall do as briefly as possible

I shall be a staunch supporter of the present Government of Canada so long as that Government shall administer the affairs of the Dominion in general, and of this Province in particular, in a satisfactory manner.

Knowing the feasibility of the Canadian Pacific Railroad from personal observation along the greater part of the probable line of route, and having advocated such an enterprise in my "Overland Journal," published in Ontario, as well as on this coast for the past twelve years, I shall endeavor, by every means in my power, to bring that grand undertaking to a successful termination at Esquimalt or some other harbor on Vancouver Island.

I may here say that I am not in favor of introducing Coolie labor, either on the Railroad or other Public Works and will strenuously resist any attempt in that direction

Should the Tariff problem not be solved by the Local Legislature, but a modification of the Canadian Tariff, in so far as agricultural produce is concerned, recommended, I shall make every possible effort to secure its adoption by the Dominion Parliament.

I am fully of the opinion that the Federal Government will place mail communication on a thoroughly efficient footing from Sooke to Comox, long before the reopening of Parliament. Should this, however, not be the case, I shall, if elected as your representative, see that every settlement is duly cared for in this important particular.

The subject of Immigration is one of great moment and shall always have my earnest support both in the House and elsewhere. With increased demand for agricultural produce, farm laborers will be required in every settlement. These will soon locate on unoccupied lands, together with men of small capital, and in their turn become producers. Their place will then have to be filled by others, so that a steady stream of immigrants from the Eastern provinces particularly would be the greatest possible boon to this portion of the Dominion.

The early commencement and completion of a Dry Dock at some Island port, and I think Nanaimo has a strong claim upon such a work, shall not be overlooked.

I shall advocate Vote by Ballot at Municipal, Local and Federal Elections till that great reform becomes the law of the land.

Telegraphy, Lighthouses, Harbor Improvements, Hospitals, Asylums, Penitentiaries, Fisheries, Geological and other Surveys, together with the Indian question and other subjects that will be continually presenting themselves, shall have my constant consideration and advocacy wherever conducive to the material prosperity of the province in general and my constituency in particular

I rest my claims upon your support, gentlemen, on my long residence in the Eastern Provinces and on this Coast—my intimate knowledge, from actual travel of the wants of every agricultural and nearly all the mining districts of the Province—my unswerving support of Confederation and the Railroad since '59, and my having no special connection with any particular interest, commercial, agricultural or mining. I am thus enabled to look upon them all from an independent and impartial standpoint; and in advocating their best interests to assist in raising this Province of almost illimitable resources to the proud elevation it will soon attain as the Western outlet of the Great Dominion.

I have the honor to be, Gentlemen,
Your obedient servant,
se13 JOHN JESSOP.

To the Electors of Vancouver Island District.

GENTLEMEN:—In response to the solicitation of a number prominent gentlemen residing in the different settlements of your Electoral District to offer myself as a candidate to represent your interests in the House of Commons, I have, after mature consideration, consented to do so, and have now the honor to solicit your suffrages at the approaching election.

The measures that a member of the House of Commons may be called on to deal with being different from those of a member of the local legislature, being in their nature more national, it is doubtless expected that I, as a candidate, should advert to at least some of them that more directly concerns your interests. I will say, then, that having been one of the earliest advocates of a Canadian Transcontinental Railway, I shall, if elected, consider it to be my paramount duty in view of making it a grand national success, to insist that the Terminus shall be at Esquimalt, and that the line shall traverse the entire South-Eastern Coast of the Island from Johnson Straits.

Under the Terms of Union with the Dominion, it is the province of the local legislature, and not of the Dominion Parliament, to decide as to the kind of tariff that the people of British Columbia deem to be best suited to their varied industrial interests during the next ten years. Should, however the question come before the Dominion Parliament, I shall endeavor to have the tariff so framed as to meet with the concurrence of the agricultural, mining and commercial interests of your district.

As the Dominion now possesses exclusively the right to manage our postal and telegraphic affairs, I shall endeavor to secure for the Eastern Coast a bi-weekly mail steamer of a superior class to the one now plying on the coast,—and also better mail facilities in each settlement; and as I deem it to be of great importance commercially to have the most rapid means of transmitting intelligence between Nanaimo and Victoria, I shall urge on the Federal Government the importance of the early construction of a telegraph line to connect the two principal towns in the province.

The increasing importance of the commerce of the Gulf of Georgia renders it necessary to have more lighthouses. I shall therefore make the most strenuous exertions to induce the Federal Government to build a lighthouse at Nanaimo at once and to erect others elsewhere as soon as possible, to ensure greater safety and certainty in navigating the Gulf.

With respect to the Indians I will urge that they be settled on Reservations, under the superintendence of Government agents, where they may, with the assistance of the Government, be taught the arts of civilization, and thus have their social, moral and religious conditions rapidly improved.

The question of the early construction of a Marine Hospital at Nanaimo I deem to be deserving of serious consideration.

The Geological Survey now begun will doubtless be of great practical advantage to the country,—and anything that I may be able to do to ensure the geological exploration of the vast mineral wealth of your district shall not escape my attention.

The fisheries along our coast promise to become very profitable, and as the Dominion Government has agreed to extend its protection and encouragement to that valuable and important branch of industry, I will endeavor to secure for your district its full share of any aid that may be appropriated for that purpose.

Not being able at this time to explain my views at greater length, I will take an early opportunity to meet you personally and collectively in the different settlements, when I may bring under your notice other questions of a Provincial and Dominional character.

In conclusion, Gentlemen, if you should do me the honor to return me to the House of Commons as your representative, I pledge myself to faithfully serve your interests to the best of my ability.

I have the honor to be, Gentlemen,
your obedient servant,
ROBERT WALLACE
Victoria, B C, August 3d, 1871. au11

To the Electors of Victoria District.

GENTLEMEN:—Having been requested by a large number of the Electors of this District to allow my name to be put in nomination as a representative for the Local Legislature. After due deliberation I have much pleasure in acceding to your request, and in so doing would say that, should you do me the honor to elect me, I shall at all times support such measures as in my judgment will promote your interests and those of the country at large.

I am in favor of a modified tariff.

I am strongly in favor of a liberal nonsectarian school system and of a tax on unimproved lands.

I shall endeavor to have as large a sum as can possibly be spared from other objects spent in the improvement and opening up of wagon roads through different parts of the Island.

Should legislation be required to fix the terminus of the C P R R at Esquimalt or Victoria, such a measure will receive my warm support.

The Franchise Law as it stands, I am opposed to, so far as it does not allow a British subject to vote because he is unable to read.

Good Government is necessarily economical and I shall at all times strenuously oppose any uncalledfor expenditure, whether in the form of Civil List appropriations or in any other form.

I shall not oppose any good measure come from whom it may.

Should you see fit to extend to me the confidence and support which I solicit, nothing will be left undone in the faithful discharge of my duties so far as my ability lies, and I shall endeavor to prove to you that in reposing your confidence in me it has not been misplaced.

I have the honor to be, Gentlemen,
Your faithful servant,
se16 WM. DALBY.

To the Electors of Victoria City District.

GENTLEMEN,—Having much leisure at my disposal, I venture to offer myself as a candidate to represent your interests in the local Legislature and respectfully solicit your votes at the approaching election.

The chief question at present before the public is that of Tariff. Now, I am of opinion that farmers and others are paying a great deal too dearly for protection, and feeling certain that the Dominion House of Commons will never grant us a modified Tariff, and that in the interest of commerce this great question ought to be settled at once and for ever, I shall, if elected, be prepared to vote for the immediate adoption of the Canadian system.

As regards the construction and repair of roads, bridges and other public works, liberal Government, maintenance of national schools, free grants of land for the purpose of attracting immigration, you may feel sure I would support them all, as well as give my most watchful attention to all matters in any degree affecting or likely to advance the prosperity of this city.

I have the honor to be, Gentlemen,
Your obedient servant,

REPLY.

GENTLEMEN:—In answer to your very kind requisition desiring me to become a candidate for election to the next Provincial Legislature I sincerely thank you for your expressions of confidence and support, and will cheerfully accept the nomination, and if elected will serve the people of this constituency to the best of my ability. Politically, I am in favor of immediately accepting the Canadian Tariff, the adoption of a liberal, free system of Education, repeal or modification of the Civil List Bill, economy in the Public Service so far as practicable with efficiency, the opening up of the country by roads, &c increased facilities to actual settlers in locating lands, and will, if elected, support all measures of a useful character to the Province generally.

I remain, respectfully,
Yours obediently,
ROBERT BEAVEN.

GENTLEMEN:—At the request of many friends, I offer myself as a candidate to represent you in the local Legislature of the Province of British Columbia, and respectfully solicit your suffrages.

If elected I will do my best to fully represent your interests.

I am in favor of the immediate acceptance of the Canadian Tariff Free Education, the opening and improvement of Roads, and if necessary a further guarantee by the Provincial Government to induce the early commencement of the Graving Dock at Esquimalt; also, that the Canadian Pacific Railroad be extended to Victoria and Esquimalt, together with a hearty support of all measures calculated to promote the best interests of the country.

I have the honor to be, Gentlemen,
Your obedient servant,
se26 H S CAULIER.

To the Electors of Victoria City.

GENTLEMEN—Having been requested by a large number of my political friends to offer myself as a candidate to represent the City in the Local Legislature, it affords me great pleasure to comply.

I am strongly in favor of the immediate adoption of the Canadian Tariff honestly believing that its acceptance will be better than a modified, or the British Columbia Tariff; a modification of the Civil List Act; Free, non-sectarian Schools; good Roads to the Districts, so that the Farmer may successfully compete with foreign producers; a Revision of the Municipal Act and I shall assist every measure calculated to advance the interests of the City in particular and those of the Province in general.

DR. GIBBON'S DISPENSARY

No 623 Kearney Street Corner Commercial, San Francisco, established in 1854, for the treament of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc., etc. Skin diseases of years standing, and Ulcerated Legs etc., successfully treated.

DR. GIBBON has the pleasure of anouncing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his dispensary, 623 Kearney street, corner of Commercial where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Seminal Weakness.

Seminal emission is the consequence of self-abuse. This solitary vice, or depraved sexual indulgence is practiced by the youth of both sexes to an unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Shallow countenance dark spots under the eyes, pain in the head, ringing in the ears, noise like a rattling of leaves, or rattling chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples, and various eruptions about the face, hectic flushes, furred tongue fetid breath, consumption, night sweats, monomania and frequently insanity. If relief be obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

Cured at Home.

Persons at a distance may be cured at home, by addressing a letter to Dr Gibbon, case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain direction for use by inclosing $10 in coin, in a registered letter, through the Postoffice or through Wells, Fargo & Co.

A package of medicine will be forwarded by express to any part of the Union.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

Private entrance on Commercial street.

All communications strictly confidential.
